ABOUT BTL

There are two ways of advertising
ATL (Above the Line) & BTL (Below the Line).
BTL reaches the exact target audience & mostly
it is a two way communication.
Btl is very affordable compared to any medium
also it generates better results.
People prefer to interact with the activity
happening thus generating maximum recall
value & genuine lead generation

We Can do activities in variety of places that includes all the GOVT Offices & Residences,
Corporate Parks, Railways, Bus Depots, AIRPORTS, Private residences.
We can target every segment of the audience and give the client exact results as per brief.

INSIDE RAILWAY DISTRIBUTION

10 MILLION VIEWS

*Each Day We distribute 10,000
Flyers. That means 10000
Potential customers + others
who is watching the ad.
EVERYDAY*

WHAT WE DO?

During peak hour We distribute flyers inside the Local train. People are more receptive during their journey, as they continuously seek information from near by. inside railway distribution helps understand the customer about the project via one on one communication.
